Call Out for 2022-2023 Steward Nominations

Stewards serve as the first point of contact with members in their departments concerning labour-related issues. Stewards serve for a term of one academic year. Please see the Bylaws of PSAC Local 610 concerning Stewards, section 5.4, for more information.

Candidates must submit the attached nomination form (third page) by email to staffpsac610@gmail.com.

According to the local bylaws, each department is entitled to one steward per twenty-five GTAs, or some portion thereof. The number of stewards per department will be set according to the number of GTAs in the Fall 2022 term and verified after the local office receives the official Fall list of GTAs from the School of Graduate and Postdoctoral Studies the first week of October.

In the event that the Chief Returning Officer receives more nominations than positions available for a department, the CRO will inform departments of the need for a Steward election. Where a departmental graduate student society has a well-established process for electing representative in place, that process may continue to be used.

Departmental graduate student societies should inform the CRO and the office when the election is taking place, and if possible, have a representative of PSAC Local 610 present at the elections. Otherwise, the local will convene an election with the department. Election results should be submitted to the CRO and the office.

The Steward Nomination Form is a process implemented by the PSAC Local 610 Executive Committee, the Chief Returning Officer, and the Chief Stewards to ensure consistency, legitimacy, and fairness in steward selection. The Executive, CRO, and Chief Stewards recognize that some departmental graduate student societies may have already held their Steward elections for the 2022-2023 year. Notwithstanding the stipulation above, we ask that graduate student societies that have already chosen their representatives return the completed nomination forms.
